

Environment-Related Information

BANDAI NAMCO Group CO₂ Emissions

(t-CO₂)

The BANDAI NAMCO Group is working to reduce CO₂ emissions by setting reduction targets for each business segment for each fiscal year. From FY2019.3, in addition to total emissions management, we are also working to control CO₂ emissions through the introduction of management based on emissions intensity for each business segment.

✦ **Environmental Management Scope:**
All Group companies

✦ **Scope of Collection of Environmental Performance Data:**
Consolidated companies, excluding equity-method affiliates

✦ **Management Standard:**
Emissions volume

Note: In accordance with the Law Regarding the Rationalization of Energy Use, the BANDAI NAMCO Group calculates CO₂ emissions from the items marked "*" in the table on the right.

Overview of Environmental Performance Data for FY2018.3
